As well as the items from the Files Emporium, we also offer about 2800 photographs – sold as JPG files for 25p each (minimum £1). These are of locations and locomotives.

They all come from former LNER territory, but extend far beyond the GE. All sections apart from the GCR are well covered, and they reach as far as places like Aberdeen.

To find them, go to our website (www.gersociety.org.uk). Scroll down and click on 'Sales'. Then instead of the Files Emporium choose 'Photographs'.
